

Tonbridge Cricket Club

Junior Core Values

Teamwork

We care about other people's needs in the team and always operate as part of a team.
We support team members at every opportunity and welcome new team members with open arms.

Sportsmanship

We play in the spirit of the game, being generous in victory and dignified in defeat.
We play to win but not at all costs and encourage others to always adhere to the rules.

Respect

We listen and respect the coaches and umpires who volunteer their time to develop the club and its junior members.
We earn the respect of others by treating them as we'd like to be treated.
We value the clubhouse and the equipment we get to use.

Enjoyment

We understand there is more to cricket than scoring runs, taking wickets and winning games.
We always play the game of cricket for enjoyment and fun.
